

MY ELECTION PLATFORM

I am in favour of choosing a candidate who is truthfully committed to administer a government of the people, by the people and for the people.

In order to do the job right, that candidate should at least possess certain criteria and cherish certain core values, namely, :-

- (a) competence and ability to run and administer a disciplined body or organization;
- (b) vision;
- (c) commitment for doing the best for our future generations;
- (d) courage and willingness;
- (e) objective and perceptive mind.

The golden test for identifying such a candidate who may possess such criteria is to put him or her on an open, fair, credible and contested election.

Anyone who apparently possesses such criteria should not be denied the right to run for the election of the Chief Executive. I am willing to give my nomination to any eligible person in order to enable him or her to pass through the basic threshold and to join in the contested election.
